CAREER OBJECTIVE

Motivated Artificial Intelligence student with hands-on experience in developing a Contextual AI Assistant using Python and Generative AI concepts. Seeking an entry-level IT opportunity to improve technical skills and contribute to real-world projects in a learning environment.

EDUCATION

B.Tech - Artificial Intelligence & Machine Learning 2022-2026

Sree Venkateswara College of Engineering | CGPA: 7.7

Intermediate (MPC) - 75% 2022

Jagans Junior College

Secondary School Certificate (SSC) - 95% 2020

ZP High School

TECHNICAL SKILLS

Programming Language: Python

Database: SQL

AI & Technologies: Generative AI, Large Language Models (LLMs), Vector Databases, LangChain, Prompt Engineering Basic

Tools: MS Office, Basic Computer Knowledge

Soft Skills: Team Work, Communication Skills, Time Management

WORK EXPERIENCE

Machine Learning Intern June 2025-July 2025

- Completed a focused, one-month internship centered on foundational Machine Learning concepts, lifecycles, and applications.
- Gained practical, hands-on experience in applying diverse ML techniques to address and solve real-world problems.
- Collaborated closely with industry mentors to enhance understanding of model development, evaluation metrics, and optimization strategies.

PROJECT

Contextual AI Assistant | Gen AI Project Feb 2026-April 2026

- Developed a Contextual AI Assistant using LangChain, FAISS (Vector Database), and transformer-based LLMs to enable seamless document-based question answering.
- Implemented a Retrieval-Augmented Generation (RAG) pipeline for high-performance semantic search and context-aware response generation.
- Built an interactive Streamlit web application to provide users with a clean, real-time AI interaction interface.
- Gained robust, hands-on experience in managing the entire end-to-end Generative AI workflow and data ingestion pipeline.

CERTIFICATIONS

- Python Programming - Internshala
- Machine Learning - Internshala
